COCKTAIL
MENU

ITALIAN BOTANICAL G&T

It's a little-known fact that gin's precursor Genever was created by the Dutch, but very few people know that the spirit's true origins can actually be found in Italy. In the 11th century, Italian monks mixed juniper berries with other botanical ingredients to create their own homemade spirit.

Gin's Italian influence is still strong today, with many distillers using botanicals sourced from across the country.

TANQUERAY £15.00
