“Super Tuscan” is a term used to describe red wines from Toscana that may include the use of non-indigenous grapes, particularly Merlot, Cabernet Sauvignon and Syrah.

The creation of super Tuscan wines was a result of the frustration winemakers had towards a slow bureaucracy in changing the wine law of Italy during the 1970's. Winemakers began mixing 'unsanctioned' wine varieties (like Merlot) into their blends to make high quality wines.

The legal system eventually yielded in 1992 with the creation of IGT, a new designation that gave winemakers the ability to be more creative.
